EXPERIENCE

Lead Product Designer

Wisflux Tech Labs, Jaipur, India | September 2021 – Present

- Grew from Intern to Lead Product Designer, owning end-to-end design—from discovery and MVP planning to high-fidelity UI, prototyping, and launch.
- Led a 4-member design team and worked with developers and cross-functional teams to drive prioritization and efficient delivery.
- Built scalable design systems and improved the design-to-development workflow with Vibe-coded prototypes as an added capability.
